

ADD-ICCAR

A/C Vehicle Adapter for Induction Mounts

A/C Vehicle Adapter for Induction Mounts

Power CTA Digital's popular Inductive Charging Cases (PAD-ICCB) on-the-go with this useful A/C Vehicle Adapter. Simply plug into a passenger car or commercial vehicle's auxiliary power outlet, connect to the base of the charging station, and keep iPads charged and ready to go. This adapter is ideal for ride share, food service, delivery drivers, municipal workers, and anyone who needs all-day charging capabilities to make work simpler.

Features:

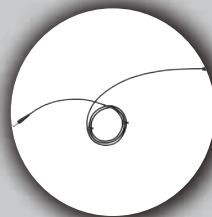

- Vehicle adapter fits into the auxiliary power outlets of cars, trucks, delivery, municipal, and construction vehicles
- Cord is long enough to use with CTA's line of vehicle mounts
- Compatible with CTA Digital's line of inductive charging products (PAD-ICCB, PAD-ICCSUB, ADD-ICCSTAND, and more)

Specifications:

- Overall Dimensions of Adapter: 3-3/8"L x 1-1/4"Diameter
- Length of Cord: 70"
- Weight: 2.3 oz

Package includes:

- (1) Vehicle A/C Adapter
