Clamp Pole with 2 Adjustable VESA Plates

Clamp Pole with 2 Adjustable VESA Plates

This attachable dual-VESA-plate arm clamps to tables or countertops, making it the perfect multi-screen holder for offices, warehouses, schools, construction sites, and in the restaurant industry for those who use 3rd party delivery services. Mount the rubber-grip base clamp onto a table or planar surface securely by tightening the clamp knob. Then, add the two sturdy 75 x 75 and 100 x 100-millimeter VESA Plates from the top, positioning at any location with 360-degree swivel points along the center pole. One VESA plate offers a 3-3/8" extension while the other offers a longer 10-3/8" extension. Plates are compatible with any VESA enclosures or devices (cases and enclosures not included), and allow plenty of tilt angles and rotation for use in either portrait or landscape orientation. This versatility boasts a superior ability to create a well catered kiosk that supports all the needs of your company or business.

Features:

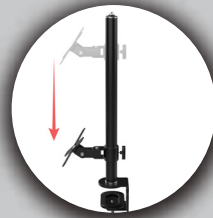

- Kit includes (2) VESA 75x75 and 100x100-millimeter mounting plates attach to a pole to create a customizable configuration of tablet devices for management of delivery services
- Attaches to any VESA-ready tablet case or other device up to 3.6 lbs.
- Easily clamps to tables and flat surfaces
- Rubber interior lining to clamp for a frictionless sturdy grip
- Tilt adjustable in the vertical or horizontal direction per VESA mount
- Portrait and Landscape orientation adjustability per VESA mount
- Each VESA arm pole clamp is height adjustable for the perfect preferred height combination configuration

Specifications:
