

Dashboard, Tabletop, and Wall Mount

This compact mount protects your tablet from theft while occupying minimal space. The sturdy mount base installs easily to your dashboard, wall, or countertop via a standard AMPS pattern, supporting a heavy-duty carbon fiber support arm. At both the top and bottom ends of this arm are tension-adjusting ball socket joints to give you an enormous range of angle options, plus the means for portrait and landscape display orientations. Your tablet is protected inside the unique slide-adjustable tablet holder with powerful lock and key security. The open style holder design allows full access to your tablet's ports, buttons, and headphone jack for card reader compatibility.
