Cable management system

Slide protectors over the cable.

Align protectors so opening is perpendicular to slot openings on tube.

Pull cable through tube.

Using anti-theft cable:
1. Attach cable end to any permanent fixture using loop.
2. With key inside, insert lock end to slot on stand base or back of case.
3. Turn key and remove from lock to attach cable to stand.

Use interior cable wrapping posts to manage cable slack.

Metal insert to cover the Home button
