Dual Security Kiosk Stand

with Locking Case and Cable

for iPad mini Gen. 1-5 (black)

Easily adjusts for horizontal or vertical views

Anti-Theft Security Kiosk & POS Stand

Whether you need a security stand for display, point of sale or personal use, CTA Digital's Security Kiosk Stand with Locking Case and Cable for iPad mini 1st-4th Generation will provide the features you need. This stand is made of strong and stylish black aluminum with the perfect design to serve as a workstation, kiosk display or retail POS iPad stand. The cast aluminum enclosure is made to fit the iPad mini generations 1-4 with openings for cameras and connections. The case can tilt to easily adjust the viewing angle and rotate for horizontal or vertical views. The base can also rotate a full 360 degrees to easily switch from register to customer-side transactions. The anti-theft case enclosure is securely locked closed and can be easily accessed with the included keys, while an additional locking steel cable attaches to either the stand base or holder, securing easily to any fixture. The large base and solid stand offer stability and can also be secured to a desk or countertop through predrilled holes and the included mounting hardware for easy installation and extra security. An elegant all-in-one stylus and ballpoint pen is included and can be conveniently stored in the built-in holder found on the base. Keep your tablet charging while in use with clean cable routing through the stand. Also included is an elegant stylus with an elastic tether with a convenient built-in holder on the stand base.
