Articulating Wall Mounting Security Enclosure

Security meets functionality with the Articulating Wall Mounting Security Enclosure for iPad Pro 12.9. Perfect for classrooms, conference rooms, or doctors' offices, this powerful holder makes your iPad Pro 12.9 the protected centerpiece of your workspace. 4 flexible joints allow for vast positioning options, while a 360-degree rotating tablet enclosure enables quick shifts between portrait and landscape orientations. This arm mount combines its full range of maneuverability with ingenious space-saving design, folding from its maximum extension of 16.5 inches to nearly flush against the wall. A top-notch lock and key security system keeps your device protected against theft. The arm mounts easily to any wall with a set of included hardware, and the secure case enclosure allows access to all ports, buttons, and cameras. Also included is an optional metal home button cover plate to prevent unwanted menu access.
