Custom Flex Security Suction Mount

for 7-14 Inch Tablets

Rotate 360 Degrees for Portrait or Landscape Display

This flexible, ultra-modifiable tablet mount employs a nexus of adjustment points to give you virtually infinite display options. The arm's 5 joints and limb segments can be flexed to achieve any angle. Tension-locking ball socket joints at the stand base and head give even further angle adjustability, while the tablet holder itself rotates 360 degrees for portrait and landscape orientations. This unique corner-grip holder protects your tablet from theft with a lock and key security system and tethers to a table, counter, or other permanent fixture with a steel security cable. The powerful suction base adheres to any flat surface, making this mount a perfect fit for offices, classrooms, conference rooms, and more.
