

PAD-CHAIRPB10

# Gooseneck Chair Clamp

iPad 10.2 Gen 7th/ 8th/ 9th, iPad Pro 10.5, and iPad Air 3

## Gooseneck Chair Clamp iPad 10.2 Gen 7th/ 8th/ 9th, iPad Pro 10.5, and iPad Air 3

This rugged chair mount is ideal for medical waiting rooms, airports, hotel lobbies, check-in stations, or any place requiring a permanent tablet solution for seating areas. The bracket mounts to the center pole of office chairs or round legs via included Allen Key screws and quickly clamps in place. This base extends a generous 15 inches before curving straight up 6 inches. A thin, 15.5-inch gooseneck attaches and tightens via butterfly screw. The gooseneck allows for virtually limitless angle adjustments, as well as rotation for use in either portrait or landscape orientation. The attractive, brushed aluminum security enclosure protects against theft with a durable lock and key system, and also has a secure slot for an additional security cable (not included). The enclosure allows full access to your tablet's ports, buttons, cameras, and headphone jack, for card reader compatibility, and also includes a metal home button cover to block unwanted menu access.

### Features:

- Sturdy black metal bracket with flexible gooseneck and secure tablet enclosure
- Case enclosure rotates 360 degrees for portrait and landscape orientations
- Base extends 15 inches from clamp to curve
- 15.5 inch gooseneck flexes for virtually limitless angle adjustment
