

# Desktop Anti-Theft Stand for iPad Air 3, iPad Pro, iPad Gen 7,8,9

PAD-DASB10

INSTRUCTION - MANUAL

## CONTENTS:

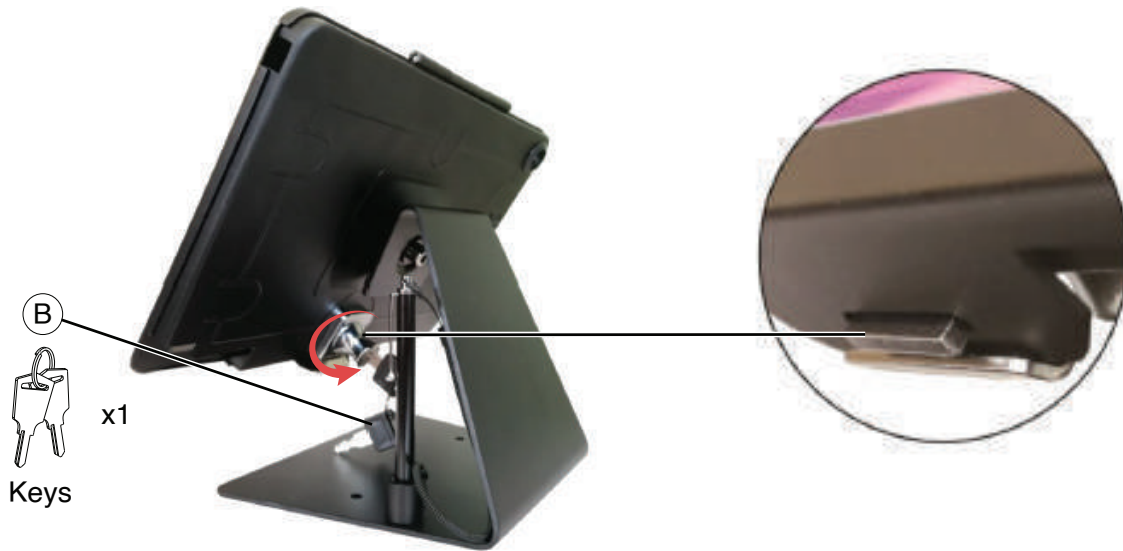

## INSTALLATION:

### 1. How to Insert the Tablet:

1A. Insert key (B) to unlock enclosure and place tablet inside securely as illustrated. Close enclosure cover and lock enclosure with key. Be sure front facing camera is at the top where the cutout in the enclosure is.

## 2. How to Secure the Tablet:

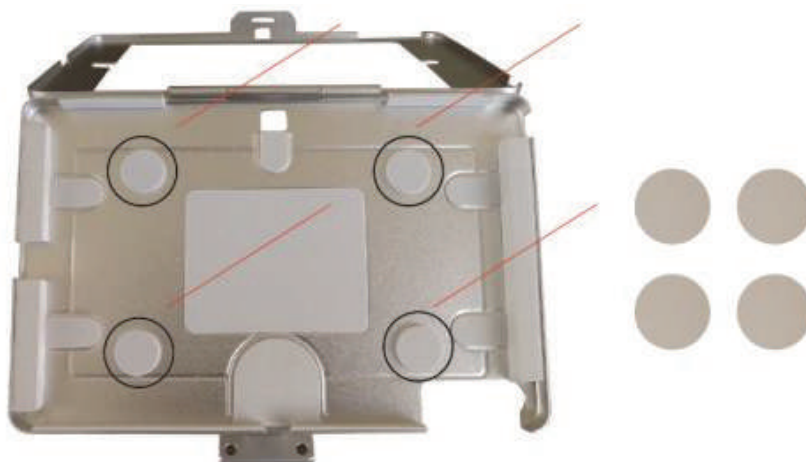

2A. When front enclosure has been closed, make sure to rotate key counter clockwise to lock enclosure as illustrated above.

## 3. Cable Management:

3A. When setting up your cable management, route cable within enclosure through the foam pieces as illustrated. Then continue routing through the opening and out to your power source.

## 4. Foam Padding

4A. To ensure a perfect fit for 10.5" iPad, attach thin round pad stick on top of each existing round pad as illustrated.
