PAD-FTS10

Flat-Folding Tabletop Security Stand

This inventive, locking iPad stand gives you unbeatable anti-theft protection plus expansive angle adjustment options. Optimized for space-saving, the stand can fold nearly flat against your countertop surface or wall or adjust to a fully upright position. The sturdy metal neck features a pair of flexible hinges, while the iPad enclosure is outfitted with 360-degree rotation for easy portrait and landscape displays. The enclosure also offers a powerful lock and key security system and employs a multi-faceted cable management system for keeping slack out of sight while your device charges. For an additional measure of protection, the stand includes a galvanized steel security cable that attaches to the stand's base or the back of the enclosure. The padded stand base can be mounted to your countertop or wall with included hardware.
