

PAD-HADTS

Height-Adjustable Desktop Tablet Stand

For Phones & Tablets 5 to 9 inches

Easily adjusts for horizontal or vertical views

Height-Adjustable Desktop Tablet Stand

This attractive, angle-adjustable stand gives you an easy hands-free setup for your tablet or smartphone, making in a perfect add-on to a home office, bedside table, or kitchen counter. The rubber-coated device holder resizes to fit your device with a pair of convenient grip-strings. It also features angle-adjustment, 360-degree rotation, and cutouts allowing access to charge ports. The telescoping pole enables easy height adjustment, while the sturdy metal base prevents wobbling while typing.

Features:

- Telescoping height-adjustable pole
- Tilting, 360-degree rotating headpiece
- Resizable holder with comfortable grip-strings
- Sturdy, weighted metal base with scratch protective padding
- Compatible with smartphones and tablets 5 to 9.125 inches in height or length, including iPhone 7, iPad Pro 12.9, iPad Gen. 6 (2018), and more

Specifications:

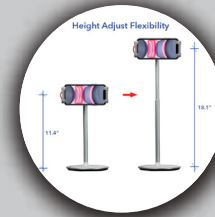

- Dimensions: 13" x 6.75" x 6.75"
- Weight: 3 lbs.
- Minimum stand height: 10.5 inches
- Maximum stand height: 16.75 inches
- Base diameter: 6.75 inches
