

Height-Adjustable Tabletop Security Mount for iPad

Tabletop Security Mount

This sleek, feature-packed security mount makes your iPad the hub of your digital workspace. The padded aluminum case enclosure protects your iPad from theft with a powerful lock and key security system. This clever enclosure is designed with accessibility in mind, featuring openings for all ports, buttons, cameras, and jacks, for compatibility with credit card readers. Featuring a height-adjustable and rotatable pole stand, plus an additional ball socket at the enclosure connection, this mount gives you virtually infinite points of adjustment, including 360 degree tablet rotation for portrait and landscape displays. The mount also boasts a multi-faceted cable management system, employing slack organizing space inside the enclosure, plus clean cable threading slots within the stand neck. The stand mounts easily to your table, desk, or countertop via predrilled holes, making it a perfect match for reception desks, conference rooms, classrooms, or retail points of sale. Also included is an optional metal home button cover to prevent unwanted menu access.
