Heavy-Duty Security Gooseneck Clamp Stand for 7-13 Inch Tablets

Tablet Holder
Compatible with
Cases up to 1"

Heavy-Duty Security Gooseneck Clamp Stand

This flexible, sturdy clamp stand lets you create a protected tablet workstation on the fly wherever you need it. The heavy-duty adjustable clamp uses powerful rubber grips and a rotary tightening mechanism to give you fast, easy setups on classroom desks, conference tables, podiums, and more. The clamp can also attach to cylindrical objects like hospital bed rails and wheelchairs by removing the tabletop grip insert. The stand features a durable, ultra-flexible steel gooseneck for virtually infinite positioning options. The locking, slide adjustable tablet holder protects your tablet from theft with a powerful lock and key security system. This holder tilts side to side and rotates a full 360 degrees to accommodate both portrait and landscape orientations. Also included is a steel security cable that attaches to the back of the tablet holder, anchoring the stand to any permanent fixture at the other end.

Features:

- Durable, ultra-flexible 24-inch gooseneck
