

## Universal Locking Tablet Mounting Clamp

For 7-13" Tablets

PAD-LTM

Easily adjusts for horizontal or vertical views

Features:

## Universal Locking Tablet Mounting Clamp

This versatile arm mount combines a generous set of joints and pivot points with a sturdy hard plastic build to make your tablet the centerpiece of your digital workspace. The perfect addition to a classroom, conference room, or doctor's office, this remarkable arm installs easily to a desk, countertop, or table, using the adjustable scratch-protected C-clamp mounting system. Customize your setup with 360-degree rotating pivot arm base and at the flexible holder connection. The tablet holder attaches to the end of the arm at another tilting joint and rotates 360 degrees for portrait and landscape orientations.

360 degrees for portrait and landscape orientations Height adjustable up to 16", arm extends

C-clamp installation system

Tool-Free assembly
