INSTALLATION:

1. Assembling base

A

H

G

B

x4

1A. Connect base (B) with body (A). Take the body (A) and align the mounting holes. Rotate in (4) screws (G) with provided allen key (H) until securely tightened.

2. Attaching Base Pads

I

2A. Flip over the now combined base section. Find the base pads (component I) and peel off the sticker to expose the adhesive. Place the foam pads (adhesive face down on base) at the corners and give it a firm press for a few seconds until it's securely attached.
