

PAD-PARAWPCL

Universal Digital Password Locking Security Wall Mount Enclosure (Black)

For iPad 10th Gen 10.9", iPad 10.2" 9th Gen, iPad Air 3, and More

This durable, sleek enclosure proudly displays an attractive – and rechargeable – digital lock front and center. It provides clear, visual protection in offices, classrooms, restaurants, and other public spaces. The lock opens with a programmable 4-digit code. With this digital solution, the struggle of lost or misplaced keys will be an issue of the past! To charge the lock, connect the included cable and plug directly into the wall. The battery takes approximately 2 hours to charge, and the charge will last up to 3 months if used regularly. There's plenty of space to route cables through the enclosure and into the wall. The enclosure's mounting holes are in a standard 75mm x 75mm VESA pattern, allowing easy interfacing with VESA arms and other equipment.

Features:

- Heavy-duty locking enclosure
- Programmable digital combination lock
- Recharge lock, once fully charged will work for up to 3 months before needing to be recharged!
- Interior cable routing
- Included charging cable for lock is 17.7" (Wall Plug Power Adapter not included)
- VESA 75mm x 75mm capable, for easy mounting to arms and other VESA equipment
- Compatible with latest iPad 10th Gen 10.9", iPad 10.2-inch (7th, 8th, 9th Generation), iPad Pro 10.5, and iPad Air Gen 3 (other 9.7-11" tablets by special order request)
