

PAD-RSCK9

Rugged Security Case with Kickstand and Anti-Theft Cable

For iPad Pro 9.7, iPad Gen. 5-6, iPad Air

Tablet Security Grip with Quick-Connect Base

This rugged iPad case combines high-grade impact shielding, ease of use, and theft protection to make your tablet a compact workstation. Your iPad slides into the hard shell cradle, easily snapping in place. This inner shell is equipped with a convenient fold-out kickstand for tabletop display setups. This inner shell is encased with a protective silicone jacket, shielding your tablet from impacts and collisions. Each layer is designed to allow full access to your tablet's ports, buttons, cameras, and headphone jack. Also included is a twin-headed steel security cable that connects to the two K-slots on the back of the case, anchoring the case to a piece of furniture or other permanent fixture at the other end.

Features:

- Hard-shell cradle with easy slide install
- Rugged silicone jacket provides impact shielding
