Package includes:

- (1) Stand with locking castors
- (1) Universal locking tablet holder
- (1) Cell phone holder
- (1) Extension pole
- (2) Gooseneck attachments
- (1) Set of mounting hardware

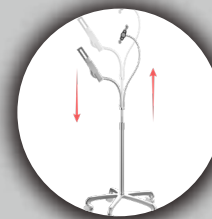

CTA Digital's Heavy-Duty Security Floor Stand with Dual Goosenecks creates the ideal hands-free workspace. The stand itself features five smooth-rolling casters that lock in place with a flip of a foot toggle. A telescoping pole allows height adjustment from 21 to 35 inches - giving lots of options for use while sitting or standing.

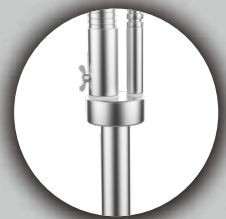

Two goosenecks perform double duty. One securely holds a lock-and-key, slide-open tablet holder that tilts side to side and rotates 360 degrees, easily accommodating portrait or landscape orientation. The second gooseneck holds cell phones from 3.5" to 6" in diameter, making this the ideal workstation for use in classrooms, hospitals, labs, offices, the gym, retail pop-up shops, and anywhere that requires hands-free tablet and phone use.
