Key x 2

Screw x4

Expansion

Mounting Bracket On The Wall

1. Drill a hole in the wall to these specifications: diameter: 6.5~7mm depth: 40~45mm

2. Knock the (4) expansion bolts completely into the wall. (AS SHOWN)

3. Fix it with (4) screws on the wall. (AS SHOWN)

S

Inserting Tablet into Case

1. Peel the external silicone sleeve from the internal hard case. Using your fingers, peel away at the center from the long side and work your way around

3. Insert tablet into the back portion of the hard cover.

2. To open internal hard case, apply gentle pressure to the small clips (as shown to the left). The case will open with all (4) sides are unclipped.

4. Place on the external silicone rubber sleeve over the hard case again.
