Premium Security Translucent Acrylic Kiosk

The two words best used to describe this product are "secure" and "beautiful". The enclosure's heavy-duty acrylic exterior protects your device from wear-and-tear, while the special screw system lock prevents theft. Meanwhile, the soft foam grips on the interior keep your device cozy and scratch-free. This dashing Kiosk Stand is perfect for POS at Restaurants, Coffee Shops and pop-up stores. For added security, you can use the included galvanized steel locking cable to doubly secure your device by locking one end directly to the stand and tethering the other to any nearby fixture.
