Tri-Grip Tablet Security Clasp with Quick-Connect VESA Mount

For 7"-13" Tablets

Tablet Security Grip with Quick-Connect VESA Mount

This multi-mode tablet security kit gives you fast switches between wall-mounted and handheld setups without ever compromising on theft protection. The unique, slide-adjustable tri-grip security clasp cradles your tablet by its lower corners and top edge. Your tablet stays locked within via a galvanized steel security cable, which attaches at the other end to any permanent fixture (including the wall mount itself). The holder is also equipped with a quick-connect slide piece, which slides easily onto the VESA ready wall-mount plate. The holder releases with the simple press of a button. On the wall, enjoy angle-adjustment and 360 degree rotation for custom display positions.

Features:

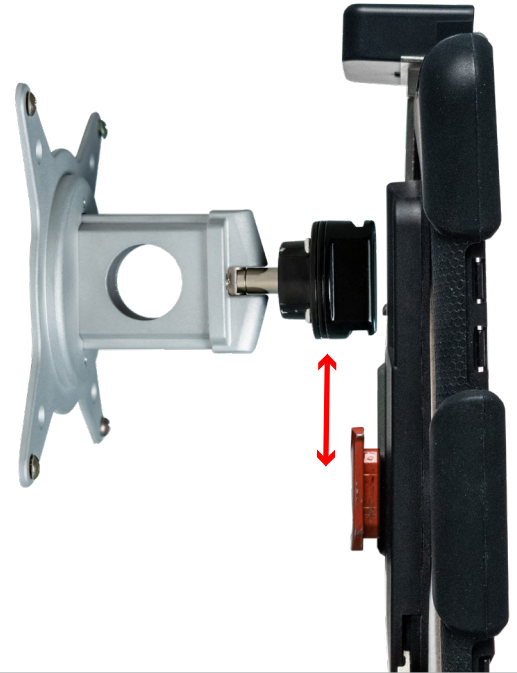

- Quick-connect mechanism allows fast switches between handheld and wall mount modes
