# Tablet Security Grip with Quick-Connect VESA Mount

For 8"-12.75" Tablets

## Tablet Security Grip with Quick-Connect VESA Mount

Perfect for classrooms, waiting rooms, reception areas, and more, this clever locking tablet mount gives you a clean, adjustable display mount for your tablet on a wall or VESA arm while still allowing full theft protection in handheld use. The locking tablet holder disconnects from the VESA mount with the simple click of a button. While disconnected from the mount, your tablet stays locked in the metal security grip and anchored to any permanent fixture with a galvanized steel security cable. Let your customers complete their transactions in the palm of their hand or browse your digital catalog without fear of theft. The metal VESA mounting plate allows full side-to-side angle adjustment and 360-degree rotation for portrait and landscape orientations, and can be mounted directly to a wall or onto a VESA compliant arm.
