Universal Security Grip Kiosk Stand For Tablets

Tablet Holder
Compatible with
Cases up to 1"

Universal Security Grip Kiosk Stand

The two words best used to describe this product are “secure” and “sturdy.” The heavy-duty security holder protects your device from wear-and-tear, while the convenient lock prevents theft. With the hollow stand, you can invisibly route all the device’s cables directly through the stand itself, creating a clean, professional look. Two 360-degree swivels – one at the base and one at the mount – make this kiosk stand perfect for personable point-of-sale transactions. For added security, you can use the included unbreakable steel locking cable to doubly secure your device by locking one end directly to the stand and tethering the other to any nearby fixture.

Features:

- Heavy-duty locking enclosure protects tablet from theft
- Smooth front to back angle adjustment, perfect for point of sale transactions
- 360-degree swivel at base
- 360-degree enclosure rotation for portrait and landscape displays
- Metal base with scratch and slip resistant rubber grips
- Steel security cable tethers the stand to any permanent fixture
- Clean cable routing through hollow stand neck
- It can be used with heavy duty/rugged cases up to 1" thickness
- Compatible with any tablets from 7" to 13" including the newest iPad 10.2" (7th Gen.)
