

Form #2A - Oral Readability Test (Page 1)

For Teacher's Use Only – Not for Students

To determine your students' Readability Stages for Playbook® stories, ask each student individually to read aloud the series of sentences for the appropriate grade level from **Form #2B Student Oral Readability Test**. The instructions below indicate which sentence students in each grade level should begin with. Next to the section for each sentence read, write a check mark next to the most accurate description of the student's ease while reading the sentence. How you evaluate the student's performance will determine whether you should direct the student to move on to the next sentence or stop the test with the student's Readability Stage for Playbook® stories determined as indicated under the current sentence. Test each student at the beginning of the Reader's Theater program, in the middle, and again at the end to track their progress. Record the student's performance for the Pre-Program test in the column first column, the Mid-Program test in the middle column, and the Post-Program test in the last column.

For Kindergarten and Grade 1: Start with sentence 1.

For Grades 2 and 3: Start with sentence 4.

For Grades 4 and 5: Start with sentence 6.

For Grades 6 through 12: Start with sentence 8.
