MICROFIBRE SHEETS

DUVETS & DUVET COVERS

Duvets are an essential component of any hotel, motel or other hospitality-related business. They offer a combination of comfort and style that your guests won't soon forget. But there are so many different types of duvets to choose from. How do you know which one is right for you? Let's take a look at two of the most popular types of duvets available on the market today: Microfiber Polyester Duvet and T200 Poly/Cotton Shell Duvet.

Microfiber Polyester Duvet: This duvet offers superior comfort thanks to its 100% polyester fill with a 200 GSM polyester filling. It comes in white color and four sizes (twin, full/double, queen, king) to fit any bed size. The microfiber material is soft and lightweight, making it perfect for all seasons. It's also machine-washable for easy cleaning and maintenance.

T200 Poly/Cotton Shell Duvet: This type of duvet offers a blend of 60% cotton and 40% polyester that provides superior softness while still being durable enough to withstand everyday wear and tear. It also features a classic houndstooth design that adds visual appeal while still maintaining maximum comfort levels. The Tic Tac button closure ensures a snug fit every time so your duvet won't be slipping around during the night. It's available in three colors (burgundy, hunter green, navy blue) and four sizes (twin, full/double, queen, king).

Duvets Covers are an essential part of providing comfort for your guests or customers. With so many different styles available on the market today, it can be difficult to decide which one is best for you. Microfiber Polyester Duvet is great choice for its 100% polyester fill with a 200GSM rating combined with its lightweight yet durable construction. Alternatively T200 Poly/Cotton Shell Duvet is perfect if you're looking something stylish yet comfortable as it has 60% cotton & 40% polyester content with tic tac buttons closure that ensures snug fit everytime.. No matter what type you choose make sure you pick the right size - twin 64" x 86", full/double 78" x 86", queen 88" x 86", king 104" x 96". So go ahead explore your options - you're sure to find just what you're looking for!

QUILTED MATTRESS PADS & PILLOW PROTECTORS

Get ready to provide a great night's sleep for your customers with our quilted mattress and pillow protector sets. Our products are crafted with superior craftsmanship and superior materials, making them an essential part of your bedding!

These top-quality protectors come in two different styles—Anchor Band Style and Contour/Fitted Style 15" deep, Diamond Patterned. They are available in all standard bed sizes from Twin to King, ensuring there is a mattress protector for you. Our 50% Cotton/50% Polyester quilted fabric provides excellent softness and breathability, complemented by its poly filling for unparalleled comfort. In addition, we also offer waterproof mattress pads for ultimate protection and extended mattress life.

BED BUG ENCASEMENTS WATERPROOF AND NON-WATERPROOF

Bed bug encasements are an effective way to protect your business against the spread of bed bugs while still allowing air circulation and comfort for your customers. Non-waterproof or waterproof versions offer different levels of protection depending on your needs but both provide excellent results when used correctly. Non-waterproof bed bug encasements are designed to fit all mattresses and come in sizes 39x80", 54x80", 60x80" and 78x80". They feature a Velcro self-locking zipper with a protection flap that helps keep out dust mites and other allergens as well as bed bugs. Non-waterproof encasements also have breathable fabric that allows air to circulate while still providing protection against bed bugs.

PILLOWS

- Poly Filled Pillows
- Pillows with Piped Edges
- Staph-Chek Pillows

Our specialized 50/50 cotton and polyester blend with fill made of 100% polyester ensures that your pillows will maintain their shape and texture, providing soft and responsive support to the head and neck region regardless of the amount of pressure applied.

The Staph-Chek pillows are even better as they are Vinyl covered, making them not just comfortable but also wipeable so they last longer with easy sanitation.

An extra level of luxury Piped edge Canadian made products with a 233 Thread Count for an incredibly luxurious feel. The Down-proof material offers peace of mind that down feathers won't escape outwards, preserving the pillow's durability for years to come.

BLANKETS

FLEECE BLANKETS
