

## 6-CIRCUIT RECESSED TRACK COVER PLATE

CODE	COLOUR
BL-CS-CCP3W	White
BL-CS-CCP3B	Black

### Cover Plate for 6-circuit Recessed Track

The recessed model track has a width of 56mm including trim.

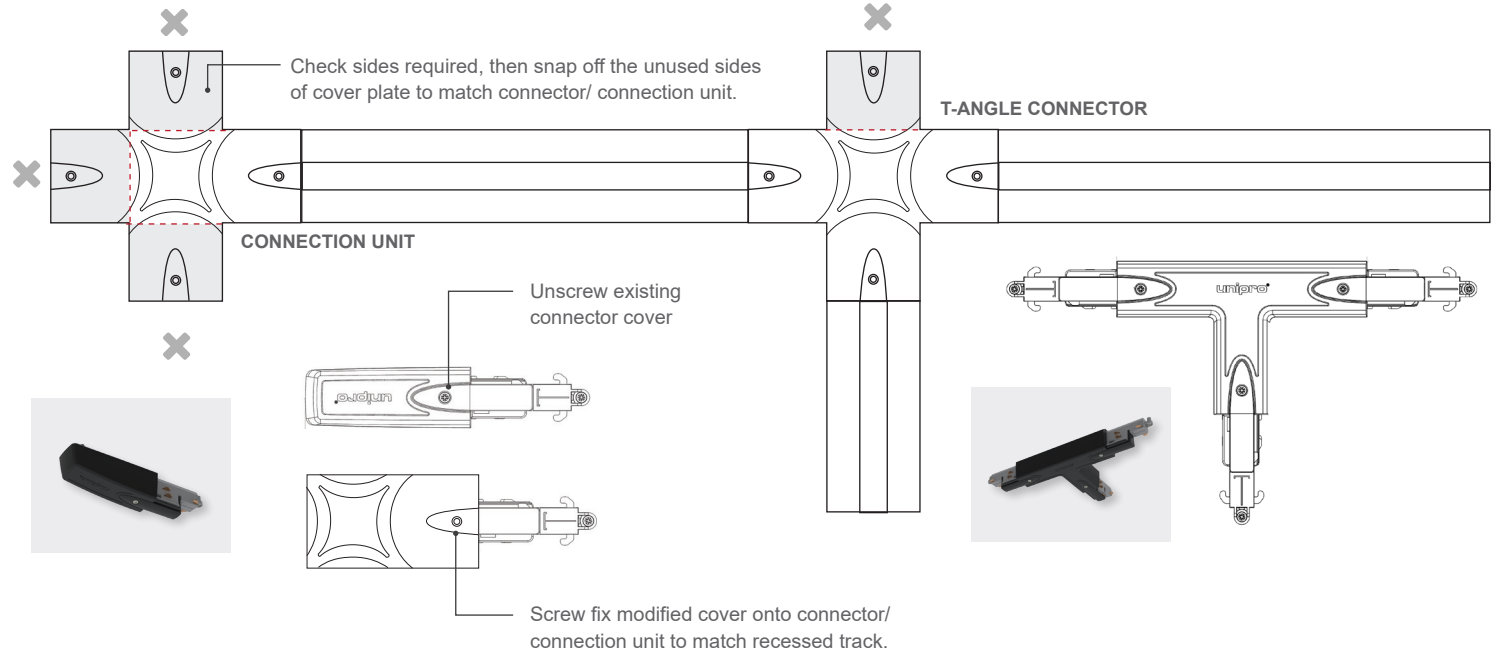

The cover plate is an accessory that allows the connections & connectors covers to be adapted to match the recessed track width.

### INSTALLATION

- 1) Unscrew existing connector cover (designed for surface or suspend mounting).
- 2) Check sides required, then snap off the unused sides of cover plate to match connector/connection unit.
- 3) Screw fix cover onto connector/connection unit to match recessed track.

- FOR USE WITH**
- Connection Units
  - Middle Connectors
  - 90° Corner Connectors
  - T-Angle Connectors
  - X-Angle Connectors
