

WIRELESS PWM DIMMER SENDER

CODE
BL-PC-DIM-2001

FUNCTION
<ul style="list-style-type: none"> - For use with receiver BL-PC-DIM-2002 or BL-PC-LT30535A - Wireless communication of PWM signal - At least one receiver is required to be used with each sender - Frequency of 2.4GHz ISM 64 channels

INPUT/OUTPUT	VOLTS
PWM	5-24V DC

DIMENSIONS	W44 × L175 × H30mm
HOUSING	PVC casing
MOUNTING	2 × mounting tabs
WARRANTY	5 years
COMPLIANCE	

OPERATING TEMP.	-20°C ~ +55°C
INGRESS PROTECTION	Indoor use only
CONNECTION METHOD	Concealed screw terminals
CONTROL	Sender unit requires LED controller with PWM output
FREQUENCY	2.4GHz <i>Up to 300 metres. Steel, concrete, or environmental conditions will inhibit transmission.</i>
MAX. DISTANCE FROM POWER SUPPLY	Recommended under 10 metres <i>For specific projects contact Bright Light</i>
