ICE CAST

CLEAR CASTING EPOXY

Crystal clear casting epoxy used for mass castings with thicknesses greater than 1 in. and up to 4 in. ICE CAST is an epoxy resin glue cured under normal temperature and low temperature conditions. It is UV resistant with anti-yellowing, strong adhesion, good fluidity, natural defoaming, small heat generation after mixing.

PROPERTIES

- **Ratio 2A : 1B**
- UV Resistant
- Bubble free
- 100% solids
- No odours - low viscosity
- Crystal clear
- High gloss appearance
- Magnifies object appearance
- Resistant to bacteria
- Resistant to moisture
- Excellent air release qualities
- Will not distort with age

APPLICATIONS

- Embedding and encapsulation
- Table/bar rivers
- High build coatings
- Mass castings

ICETHIN

CLEAR EPOXY

Easiest crystal clear casting resins used for top coating, craft, jewelry or light casting with thicknesses smaller than 1 inch. ICE THIN has a low VOC content, for user safety and reduced environmental impact. The low color and low viscosity allow for crystal clear castings ideal for art and hobby applications.

PROPERTIES

- **Ratio 1A: 1B**
- UV Resistant
- Fast curing
- 100% solids
- No odours - low viscosity
- Highest quality crystal clear raw materials.
- Magnifies object appearance
- Resistant to bacteria and moisture
- Will not distort with age

APPLICATIONS

- Embedding and encapsulation
- Jewelry
- Light castings
- Bar top or table top
- Molding, art or crafting

ICE THIN (RATIO 1A:1B)	UPC	LENGHT	WIDTH	HEIGHT	WEIGHT

ICERSE

RAPID SEAL EPOXY

Fast drying epoxy for sealing wood. Penetrates deeply into the fibers of any type of wood. Ideal for sealing planks used in making epoxy rivers, live-edge wood slabs and crack filling. Easy to use, hardens quickly, adheres strongly and can be cured by heating.

16 OZ KIT

UPC: 610406115521
Weight: 2 lbs

Length: 5 in
Width: 3 in
Height: 6 in

ICE COUNTERTOP

TOP COAT EPOXY

ICE COUNTERTOP is an epoxy resin adhesive which cures under normal and low temperature conditions. It has good leveling properties, natural defoaming, low viscosity, high hardness, and high strength. This high hardness coating is ideal for 3D and metal floors, kitchen counters or any other surface.

1.5 GAL KIT

UPC: 610406115507
Weight: 16 lbs

Length: 13 in
Width: 7 in
Height: 10 in

TOOL SET

starter kit including gloves, plastic cups, pipettes, pliers, spoons, finger cots, woodstick, measuring cups

COLORING AGENTS

Create amazing metallic epoxy effect in an unlimited effect variations.

EPOXY DYE KIT 20 COLORS X 10 ML

Colours: Medium Yellow, Fluorescent Yellow, Fluorescent green, Grass green, Green, Peacock Blue, Sky Blue, Blue, Royal Blue, Purple, Aubergine, Pink, Rose Red, Scarlet, Orange, Golden, Brown, Deep Brown, Black, Whit

METALLIC COLOR PIGMENTS 18 COLORS · 3 FORMATS

Metallic powder pigments made to be mixed into Ice Epoxy Resin. Very little is needed to create spectacular results.

	UPC	LENGHT	WIDTH	HEIGHT	WEIGHT

REUSABLE HDPE MOLDS

EASY, CLEAN AND EFFICIENT FORMS

Our reusable forms are a great investment for any shop or hobbyist, they will save time. HDPE plastic is the perfect material for non-stick molds used for resin projects. Its non-adhesive quality does away with the need to use any kind of release spray or duct tape. Furthermore, the molds are completely reusable, with a potentially infinite number of times that it can be reused.
