

Homeschool Block Schedule

Hello!

I've provided a sample template to show you how we structure our week at home. We are in Classical Conversations, so we do school 4 days a week. My children are lower elementary (2nd grade and under) so we rotate the subjects each day.

However, if you have older children, you could alternate your schedule so you do 2 days of History and 2 days of Science.

I provided different layouts for you to choose from and also included each template with the option of a white background or soft pink.

You can print the blank block schedule out and write your custom schedule on it. I have mine laminated and hanging in our classroom.

You could also laminate it first and then write your schedule with an erasable marker so you can adjust it whenever needed.
