

BIO-4

biodegradable ink degradant & stain remover

DESCRIPTION

Bio-4 is a versatile, water soluble ink degradant and stain remover for use on textile and graphic inks. Formulated using biodegradable and organic compounds that make Bio-4 environmentally acceptable, safe and highly effective. Bio-4 begins to work on contact by immediately penetrating, dissolving and removing plastisol, UV, water based, conventional/solvent based, enamel, epoxy and vinyl inks from screens. Bio-4 has non-caustic stain removers built-in which aggressively remove image stains without harming the mesh. Bio-4 rinses freely and easily with water and has a very pleasant cherry scent.

ADVANTAGES

- Powerful ink degradant
- Biodegradable and drain safe
- Very good stain removal
- Emulsion & Mesh safe
- Non-toxic, non-flammable and non-corrosive
- Low cost per usage

DIRECTIONS

Always card excess ink from the screen prior to beginning reclaim. Spray the ink side of the screen in a light, even pattern. Agitate the ink with a brush or cloth. Rinse with a cold water, low volume, high pressure rinse. For best results, use on dry screens.

TYPICAL PRODUCT PROPERTIES

Appearance -----	Clear, amber liquid
Odor-----	Cherry
pH -----	N/A
Flash Point -----	132°F
Specific Gravity -----	1.05
Weight, per U.S. gallon -----	8.75 lbs.
Stability -----	Stable
DOT Shipping -----	Non-hazardous

AVAILABLE PACKAGE SIZES

55 Gallon Drum -----	#01446-D5505
30 Gallon Drum -----	#01446-D3004
5 Gallon Pail -----	#01446-P5010
4x1 Gallon Case -----	#01446-C4201
