

Bio-M

screen wash, stain remover & degreaser

DESCRIPTION

Bio-M is a highly effective screen wash designed for use in cleaning ink and removing stains in automatic screen reclaiming machines. Bio-M has excellent performance on a wide range of inks including, plastisol, uv, solvent and water based inks. The non-foaming formulation will not create foam heads in automatic or recirculating equipment. Bio-M easily removes stains and ghost images from stubborn inks. This product is safe on screen printing mesh and emulsions.

ADVANTAGES

- Powerful ink degradent action
- Biodegradable and drain safe
- Superior stain and ghost image removal
- Absolutely zero VOCs
- Non-toxic, non-flammable and non-corrosive
- Low cost per usage

DIRECTIONS

Always card excess ink from the screen prior to beginning reclaim. Rinse product off screens with water after each application. Follow equipment manufacturer recommended use directions where applicable.

TYPICAL PRODUCT PROPERTIES

Appearance -----	Clear, light straw colored liquid
Odor-----	Unscented
pH -----	N/A
Specific Gravity -----	1.03
Weight, per U.S. gallon -----	8.6 lbs.
Stability -----	Stable
VOC -----	0%
DOT Shipping -----	Non-hazardous

AVAILABLE PACKAGE SIZES

- 55 Gallon Drum -----#01626-D5505
- 5 Gallon Pail ----- #01626-P5010
- 4x1 Gallon Case -----#01626-C4201
