Thank you for your interest in participating in The Market at Restoration Fields Farm as a vendor. We are excited to present this weekly community event, where you will have an opportunity to sell your handiwork in a fun filled, shaded, community and family centered historical environment.

Our event will be held outside in the shade of the 105-year-old Young School, located at 909 Young Street Ranger, Texas.

Our goal is to cultivate a weekly gathering of locally grown, seasonally available produce, honey, baked goods, prepared foods, handmade body care, makers, artisans, crafters, authors and exceptional bringers of vintage wares, food trucks and more as we continually grow.

We are thrilled to extend to our community an exciting and diverse assortment of goods and hope to start a change in the reputation of our beloved, Ranger! In order to minimize duplication or multiple vendors selling the same wares, we ask that you please detail exactly what you are selling in the description below, in order to have an overall balance and assortment of products and goods.

We are also asking that your booth and items be presented with pride and that you exhibit excellence to your customers. That will help The Market become known for high quality offerings and attractive, inviting displays. We encourage you to think about your presentation as an extension of your wonderful work, and that folks find your booth set-up, welcoming, inviting and tidy.
