

Food Service

Restaurants, bars, cafeterias, hotels, shops.... The Zummo Food Service line has been designed to provide service in any type of establishment. Depending on the characteristics, Zummo offers each business the perfect juicer to cover their needs and get maximum return on their investment. The Zummo Food Service range incorporates the Nature juicer models, in all versions and with all accessories, and the Z22 juice extractor. Discover them!

ZUMMO 

Z40 NATURE ADAPT

Speed and efficiency combination

Model Z40 Nature is the perfect juicer to attend the needs of mass catering and megastores. Its capacity to extract large amounts of juice in a short period of time - up to 40 pcs. per minute - permits satisfying the typical demand peaks of this type of establishments.

Efficiently squeeze juice

Speed and efficiency combination

1. EVS® Advanced

Unique vertical juice extraction system; a Zummo exclusive. Based on manual juice extraction system it achieves maximum profitability, obtaining the purest possible juice with the greatest operational functionality.

2. Juice extraction kits

The different-sized juice extraction kits help to maximise the yield of the juice extracted from the fruit depending on its diameter. Easily identifiable thanks to the characteristic colour of each range:

Small (S): Grey; Medium (M): Orange; Large (L): Maroon;

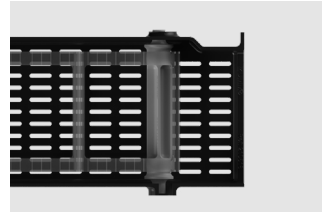

Extra large(XL): Pink.

Juice extraction kits

3. Automatic filter

Comprised of a belt that starts to move when the juice extraction starts up, sweeping away the seeds and pulp that remain in the filter: greater juice extraction performance and greater autonomy.

Automatic filter

4. Adapt tray

Dual-position tap developed in the shape of a swing lever to optimise usability. Its exclusive Zummo design drains all the juice out, preventing it from accumulating in the base, and therefore maximising hygiene and juice purity.

Adapt tray

5. Dual-position basket with folding door

Basket with drop-down door that makes fruit-loading easy. Its dual position feature means that the door can be placed at the front or at the rear, depending on the specific needs of each establishment.

Folding door

Technical features

Fruits per minute	40
Weight	81.5 kg
Bin capacity	30 L (2 x 15L)
Squeezing kits	M (53-76 mm) L (64-88mm); XL (77-100 mm) Opt: 40-60mm
Dimensions	980 (h) x 595 (w) x 550 (d) mm
Safety	Blocking sensors
Bin capacity	20 kg
Programmer	Yes
Filter	Automatic
Adapt	Yes
