

Blephasol

Micellar lotion.
Daily hygiene for sensitive eyelids.
100-ml bottle.

Presentation:

Micellar lotion for cleansing sensitive eyelids.
100 ml bottle.
For use on the skin only.

Properties and indications:

BLEPHASOL is for the daily hygiene of sensitive eyelids, particularly the at the base of the eyelashes.

Due to its micelle properties, BLEPHASOL easily removes impurities, stains, dried secretions and make-up from eyelids and the base of the eyelashes.

BLEPHASOL contains no perfume or alcohol, and is non-greasy; it does not need to be rinsed after use.

BLEPHASOL gently cleanses without irritating the eyes or skin.

BLEPHASOL can be used by contact lens wearers.

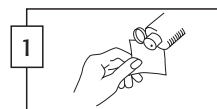

Directions for use:

Twice daily on average, morning and evening, or whenever you choose to cleanse your eyelids.

To cleanse and/or remove make-up from sensitive eyelids:

In front of a mirror:

1- Add a small amount of BLEPHASOL lotion to a cotton pad or gauze, and then apply this to the eyelids and the base of the eyelashes, keeping your eye closed.

2- Gently massage the eyelids with small circular movements to remove all debris and dirt, make-up and dried tear secretions.

3- Lightly stretch the eyelids, then gently rub the inner edge of the eyelids with a clean absorbent pad or cotton bud wetted with BLEPHASOL to remove any dirt and make-up lodged at the base of the eyelashes.

4- Repeat each step for the other eye, using a clean absorbent pad.

No need to rinse after use.

Special warnings:

Do not swallow, do not place directly in the eyes, keep out of the sight and reach of children.

Ingredients:

Aqua, PEG-8, Polysorbate 20, Capryloyl glycine, Poloxamer 184, PEG-6 Caprylic / Capric Glycerides, Dipotassium Phosphate, Sodium Hydroxide, Potassium phosphate.
