

SkinIntegra: Case Series Study with Successful Outcomes

Ron Guberman DPM
Residency Director
PMSR/PMSR RRA

Wyckoff Heights Medical Center
Brooklyn, NY

Dawn Buratti DPM, MS
Board Certified Podiatrist
Encino, CA

14-day Patient Case Series

- 14 subjects from 2 clinical sites
- Clinical investigators: Dr. Guberman, Dr. Buratti
- Clinical diagnosis of skin fissures, xerosis, diabetic neuropathic dryness and other compromised skin conditions
- 14-day trial with Rapid Crack Repair Cream
- Investigator assessment at baseline and 14 days
- Subject self-assessment at 14 days
- Timing: June-July 2022

14-Day Patient Case Study Design

- Enrolled Patients used Rapid Crack Repair Cream for a 2 week trial period twice a day
- Photographs of the affected areas of the foot were taken at the initial visit and at 2 weeks
- An evaluation of the condition was done at the initial visit and at 2 weeks
- 14 patients evaluated for this trial across 2 clinical sites

Investigator Assessment Efficacy Parameters

Condition	# Subjects	Baseline	14-Day Visit	%Change from Baseline	End Point Change at least 1 pt change	
Dryness	14	2.7	0.7	74%	2.0	Pass
Cracking	9	1.9	0.3	82%	1.6	Pass
Pain	7	1.7	0.0	100%	1.7	Pass
Functional Limitation	2	0.2	0.0	100%	0.2	N/A

Based on a 4-point scale

0 = no

1 = slight

2 = some

3 = obvious

Investigator Assessment Tolerability Parameters

Condition	# Subjects	Baseline	14-Day Visit	%Change from Baseline	End Point Change at least 1 pt change
Erythema	5	1.2	0.2	83%	1.0
Burning	5	1.2	0.0	100%	1.2
Stinging	5	1.6	0.0	100%	1.6
Itching	3	1.7	0.0	100%	1.7

Based on a 4-point scale

0 = None

1 = Mild

2 = Moderate

3 = Severe

Subject Self Assessment

Have you felt any relief from applying the product?	No Difference	Slight Relief	Some Relief	Obvious Relief
Subjects (14)	0%	14%	64%	21%

Based on a 4-point scale

0 = No Difference

1 = Slight Relief

2 = Some Relief

3 = Obvious Relief

Dr. Guberman's (RG) Case Series

- Clinical evaluation on all parameters
- Completed 11 patient evaluations

#1 RG initial

After 2 weeks
