

Mandatory Safety

- Never use the product for the proposes other than listed on this manual.
- Read the instruction manual before using this product.
- Remove all packaging before use.
- Use only the type-c USB / power adapter in the package to avoid damage to the product.
- When unplugging the USB, set your hand on the machine instead of pulling the cord directly.
- If the unit will not be used for an extended period or needs to be relocated, unplug the power adaptor, take out the oil bottle and clean the unit/bottle before storage.
- Avoid moving the unit while in use.
- This product is not a toy, keep out of reach of children.
- The precautions listed in this manual are to ensure safe and proper use of this product by the user and avoid any danger or loss that might occur to the user or others.
- "WARNING" contains important safety instructions. Be sure to follow these instructions

Warning

- ⚠ This device is not intended for use by persons with reduced physical or cognitive capacities without the necessary experience or knowledge, unless they have been trained to use the device correctly by a person responsible for their safety and have understood the risks involved.
- 🚫 Stop using the product immediately and unplug the device once smoke, smell, unusual sounds or other anomalies occur.
- 🚫 Do not modify, fix or dismantle this product, as fire, electric shock or damage may occur.
- ♻ When the product is at the end of its life, we recommend disposal at a collection point for the recycling of electrical and electronic equipment, rather than with household waste.

- When this product remains unused for a long period of time, the main unit must be unplugged the USB, electrical socket and the oil bottle. Otherwise electric shock malfunction may occur.
- This product must be disconnected from the power sources before cleaning and maintenance.
- Please avoid dripping the essential oil onto the exterior of the product or onto furniture.If essential oil dripping accidentally occurs, wipe off immediately to avoid discoloration of the exterior of the product or the furniture.
- This product is not medical equipment. Directly inhaling the aroma mist from the spout is not recommended.

- If you have any special physical conditions, such as pregnancy, lung failure, cancer, epilepsy, or other illnesses, please consult your doctor before using essential oils. Stop using the product and open the windows for ventilation if you start to feel uncomfortable.
- Essential oils are highly concentrated and should always be handled with care, including the amount for each use.
- Do not handle the main unit and outlet with wet hands, or let water or other liquids spill onto them, as this may result in electric shocks.
- This product is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the product by a person responsible for their safety.
- Do not let children use this product. Keep out of reach of children as electric shock and injury may occur. Children should be properly supervised to ensure that they will not play with this product.
- To avoid fire, electric shock, injury or damage, do not place the product in the areas listed below :
 - Environments exposed to direct sunlight to high temperatures and keep away from sources of ignition.
 - Pressurized objects and combustibles.
- Not recommended to use base notes oil to run the machine, especially the Vetiver and Sandalwood

Product Dimensions

Product Name: Bamboo

Model code: BLP-002

Product Size: Ø80mm(L) x 84.2mm(W)
x 155.6mm(H)

Material: PP+Aluminum

Power input: DC5V / 2.5W

Manufacturer: Bloomy Lotus LLC

Main unit weight: 240.5g

Coverage Area: Up to 80m²

Environment: Indoor

Run Time: 1/2 /5 hours

Design: USA

Made in China

Troubleshooting

If you experienced unsatisfactory operations, please follow our troubleshooting guidelines listed below.

Symptom	Possible Cause	Solution
Diffuser does not turn on	Power cord /USB not connected correctly	Disconnect power cord /USB and re-connect carefully
The device is on but no mist	Nozzle did not attach securely	Remove the nozzle and reinstall to the slot correctly
	The oil bottle in empty or the oil level lower than the end of the oil pipe	Add more essential oil, change another oil bottle or the oil pipe.
	Using only the base notes oil to run the machine	Mix with middle/top notes oil or use other oil to run the machine
	Oil pipe did not attach securely to the nozzle	Reinsert the oil pipe into the nozzle correctly
Oil is leaking from the nozzle / nebulizer / fragrance	The nozzle / nebulizer oil bottle is in a tilt or set on side status.	Always put them on a stable and flat surface. Never tilt or set on side the nebulizer and nozzle.

USER'S MANUAL Bamboo

Thank you for purchasing this product.
Please read the user manual carefully before use.

Overview

Main body

Operation Instructions

Note :

- For best result, we recommend to use 100% pure essential oil with this nebulizer. Artificial fragrance, flavor, or impurities might harm to the unit.
- Always unplug the product from the electrical socket when not in use.
- Do not remove the nozzle and moving the device during operation.
- Keep the nebulizer on a stable and flat surface. Carpet, cushions, or other uneven surfaces might affect the ventilation system.
- Use any 5ml, 10ml or 15ml of your favourite essential oil bottle or the default oil bottle to this nebulizer. You may cut the oil pipe to fit in different size of the bottle. (Make sure to cut from the flat part as the non-flat part is for oil absorption.)

Setting Instructions

○ On/Off (1 LED indicator)

- Press to turn on the device
- Default setting is low level output, 5 mins diffusing with 10 mins off intervals.
- Default timing is 1hour working time.

◌ Mist output (2 LED indicator)

- Default timing is 1hour working time.
- Press the timer button once to switch to 2hours working time.
- Press the timer button twice to switch to 5hours working time.
- Press the time button third to switch back 1hour working time.

Clean & maintenance

Note :

- Never use the alcohol with over 75% concentration, it might hurt the machine.
- Alcohol is flammable, keep the indoor air circulation to prevent fire occur.
- For best result, clean the nozzle 1-2times per week.
- Clean the nozzle and change the oil pipe before change any other of the essential oil.
- Strength of aroma will vary depending on settings and different types of oil. Find the settings that fit your needs.
- Use only pure natural essential oils to prevent damaging the diffuser components.

⚠ Make sure do not tilt down the nozzle or device as the oil will leak and might harm the device.
