Sleepypod

Categories: pet bed, pet carrier, pet car seat, anxiety relief, pet travel, pet safety

Stress-free Travel: The Sleepypod is the ultimate pet travel multi-tasker. It's a carrier, a pet bed, and a crash-tested car seat. Ultra Plush bedding surrounded by a luggage-grade, ballistic nylon base forms the cozy bed that easily becomes a carrier by zipping on its mesh dome.

Many cats and dogs associate travel with negative experiences, such as a trip to the vet or kennel. Sleepypod mobile pet bed allows a pet to travel safely in the comfort of its own bed, thereby reducing travel-related stress because the Sleepypod is already a trusted part of its everyday life.

For added versatility, the Sleepypod can be used as a car seat. In the event of a collision or hard stop, Sleepypod's PPRS technology prevents a pet from being ejected while helping to reduce the damaging forces on the pet. Rigorous testing includes the same dynamic crash testing that ensures the performance of child safety restraints. It was tested at U.S., Canadian, and E.U. child safety standards. Watch the crash tests:

- U.S child safety seat standard FMVSS 213 – <https://bit.ly/USSleepypod>
- Canada child safety seat standard CMVSS 213 – <https://bit.ly/CanadaSleepypod>
- E.U. child safety seat standard – ECE R44 – <https://bit.ly/EUSleepypod>

Independently tested and certified by the [Center for Pet Safety](#) for pets up to 15 pounds. Pets differ in size and shape, just like humans. Check Sleepypod's [sizing guide](#) for more information.

Eligible for replacement through [Sleepypod's Crash Replacement Program](#).

Features:

- Removable mesh dome reveals an everyday pet bed or pet bed away from home
- Seatbelt straps for securing in a car seat
- Mesh panels enable ample airflow and facilitate visibility on three sides
- Durable rip-stop mesh resists chewing and clawing
- Easy access from the dome top or when the dome is removed to reveal the bed
- Removable, Ultra Plush bedding is machine-washable
- Luggage-grade, ballistic nylon exterior
- Water-repellent interior liner
- [Safety tether](#) eliminates quick pet escapes when at the vet's office or traveling
- A stable base prevents the pet from sagging when carried
