We invite you to print this sheet in A4 format, by selecting « actual size » in the print options.

Check that the scale is correct using the line below: its length should correspond to that of a credit card (86 mm).

### USING THE METER :

1. Carefully cut out the measurer.
2. Place your measuring device around the wrist.  
We recommend measuring the widest part of the wrist, which is usually at the joint.
3. The number indicated by the arrows corresponds to the wrist size.
4. We recommend adding one centimeter for a more comfortable fit.
