What they Say ...

"We chose Bush Hall for our wedding because it ticked all the boxes for us; late finish, great music facilities, in house catering and a beautiful venue in the heart of London. What we actually ended up with was a venue that facilitated the best day of our lives without a single hitch. The food was fantastic, everyone that we dealt with was professional, helpful and kind! They liaised with the band, DJ, florist and all of the other professionals involved in our wedding. I would recommend Bush Hall to absolutely anyone looking to have a fantastic party for their wedding reception in a gorgeous venue."

Alex & Neil, April 2017

"The team at Bush Hall did an absolutely amazing job of our wedding day. Betsy took all the stress away from the pre wedding organising, everything went like clock work. The venue looked stunning, the atmosphere was great and all our guests commented on how good the menu was. The day was perfect in every way!"

Alison & Richard, September 2018

"We had an incredible wedding reception at Bush Hall. Nothing was too much trouble for the team working on the night. That also goes for the planning stages - everyone involved was committed to making our ideas and plans work including providing their own very useful suggestions of things we might not have thought of! It felt like everyone took a personal interest in making a success of it, and we had a wonderful, very special evening that left us with lots of memories to cherish."

Steven & Chris, February 2017
