WHO WAS HERBERT MARCUSE ?

frankfort school daddie

WHY SHOULD I BE SHARING QUOTES FROM HERBERT MARCUSE?

praxis needs theory (& vice versa natch) & this boi laid down some thoughts at the jump off of mass culture that stay relevant on the daily

The learning process is something you can incite, literally incite, like a riot.

Revolution is not a one time event.

What are the tyrannies you swallow day by day and attempt to make your own, until you will sicken and die of them, still in silence? We have been socialized to respect fear more than our own need for language.

Without community, there is no liberation.

Unless one lives and loves in the trenches, it is difficult to remember that the war against dehumanization is ceaseless.

Because the machine will try to grind you into dust anyway, whether or not we speak.

Among those of us who share the goals of liberation and a workable future for our children there can be no hierarchies of oppression.

Our future survival is predicated upon our ability to relate within equality.
