

## HD masque boost: eye refine add on service

1. Apply Restyfluid around eye area with any combination of circular movements or figure 8 movements, as preferred.
2. Dip tip of bt-sonic in Restyfluid and apply under inner corner of each eye. Gently, slowly, and very lightly swipe to outer corner of eyes. Repeat three times, applying additional Restyfluid as needed.
3. Continuing to dip in Restyfluid as needed, apply bt-sonic at beginning of eyebrows. Gently, slowly, and very lightly swipe to outer end of brows. Repeat three times.
4. Apply HD eye masques to under eye areas. Cover with warm (not hot) wet cotton and leave for 10 minutes.
5. Remove cotton and masque and dispose. Remove masque residue with cotton and water.
6. Apply Platinum Restore eye cream

## HD masque boost: lip hydrate add on service

1. Apply Restyfluid around lip area with circular movements.
2. Dip tip of bt-sonic in Restyfluid and apply under middle of top lip. Gently, slowly, and very lightly swipe to outer corner of mouth. Repeat three times, applying additional Restyfluid as needed.
3. Continuing to dip bt-sonic in Restyfluid as needed, apply under middle of bottom lip. Gently, slowly, and very lightly swipe to outer corner of mouth. Repeat three times.
4. Apply one HD eye masque to upper lip area and one to lower lip area. Cover with warm (not hot) wet cotton and leave for 10 minutes.
5. Remove cotton and masques and dispose. Remove masque residue with cotton and water.
6. Apply Platinum Restore eye cream around lips
