

## SiteTech Pro-Vis Safety Mesh

### **Pro-Vis**

Introducing SiteTech Pro-Vis Safety Mesh, the first purpose-built safety product for roof structures such as skylights.

#### Standards:

- Netting certified to EN 126-1-2014
- Mesh System certified to ASNZS:4389
- Carabiners certified to EN362
- Certified to ASNZS:4389

#### The Complete Mesh System includes:

- 1 x 10m x 1.3m Sitetech Safety Mesh
- Certificate of Conformance
- 18 x Sunlock Safety Net Brackets
- 18 x Carabiners
- Travel bag
- Instruction Manual

## Innovation in Height Safety:

- ▶ The first certified mesh system in Australia tested to Australian Standards
- ▶ Easier and faster to install versus conventional timber layered options
- ▶ Each component and the whole system has been thoroughly tested by independent engineers to ensure the highest safety and the first certified product in the market

## Features & Benefits:

- ▶ The Pro-Vis system is a combination of components (net, carabiner, lock system)
- ▶ Aluminium roof anchoring system with three individual screw points and stickered with high visibility marking
- ▶ Lightweight netting assembled in Australia from the highest quality Spanish raw materials
- ▶ High capacity screw gate enclosure carabiners for maximum safety and efficacy on site
- ▶ High capacity (category 5 rated) 13-gauge screws that are easily replaced post-installation – no patching
- ▶ Reflective tape applied to the footing to remove trip hazard risks
- ▶ Comes with complete roof mounting kit and carry pack for easy storage

## Installation:

- ▶ Suitable for penetrative roof surfaces with minimum roof sheeting thickness of 0.48 mm and 550MPa tensile strength
- ▶ Three easy screw fixings per installation point
- ▶ Maximum 2m between installation points, 1 fixing point per corner

Specifications	
Length	10 m
Width	1.3 m
Opening mesh	100mm X 100mm
Class	A2 Net
<ul style="list-style-type: none"><li>- 30KN border rope passed through exterior meshes of the net</li><li>- High tenacity polypropylene</li><li>- UV Treated</li></ul>
