

## Mouldable Soap Fun

### Top Tip

It's a good idea to pop a towel or sheet down to avoid things getting too slippery or squirt directly onto your Tidy Tot to explore the foamy fun together.

### Ingredients:

crazy soap  
bath toys  
sponges  
water

### Method

We are big fans of mouldable soap at Mess Around. One of our favourites is Crazy Soap. It is a fantastic tactile material to play with as you can mould it into any shape you can think of and its made of safe, mild ingredients so as well as being fun, it's perfect for cleaning your little angels skin.

Add some toys, sponges and a little water and scrub away. Not only do you have lots of fun but your toys end up nice and clean too!
