

GLAZE

STREAK FREE WINDOW, CHROME and STAINLESS STEEL CLEANER

DESCRIPTION

GLAZE is a streak free, powerful blue liquid window and glass cleaner which is also suitable for cleaning laminate, chrome, stainless steel, mirrors and tiles.

USES

- **GLAZE** will leave streak free windows, mirrors and other glass surfaces.
- **GLAZE** will clean and leave a streak free finish on Chrome, Stainless Steel and Tiles.
- **GLAZE** will remove smears, smoke, fog, oil, grease, fats and common soilage to windows.
- **GLAZE** can be added to windscreen washer bottles and service station windscreen cleaning buckets.
- **GLAZE** can be used to remove nicotine and smoke stains from car headlinings and other surfaces.

APPLICATION

WINDOW / GLASS / CHROME / STAINLESS STEEL CLEANING

Add **GLAZE** to a mist sprayer and apply to the surface. Wipe with a damp cloth or chux and polish off using a clean soft dry cloth or paper towel.

DILUTION : For streak free finish use neat.

- Add 50mls to the windscreen washer bottle.
- Add 125ml (1/2 cup) per 10 litre bucket for windscreen cleaning at service stations.

WARNING

Avoid eye contact.
