

SANITIZER

SANITISER

- **SANITIZER** is a multipurpose cleaner and sanitiser formulated for food processing areas.
- **SANITIZER** may be used for cleaning tiles, cooking utensils, painted surfaces, machinery, upholstery, toilet bowls, sinks, baths, chrome surfaces and white goods.

DIRECTIONS FOR USE

As a “non rinse” sanitiser dilute 1 part **SANITIZER** to 75 parts water (10ml / 750ml spray pack). Spray surface with the **SANITIZER** solution. Wipe off excess solution. Do not rinse surface. ***Please note the diluted solution must be disposed of after 24 hours***

To use as a spray and wipe, dilute 1 part to 5 parts water. At this dilution rate food contact areas must be rinsed with water after 15 minutes.

WARNING

SANITIZER is slightly alkaline. Avoid contact with skin and eyes.

FIRST AID

If poisoning occurs contact a doctor or poisons information centre. PH 13 11 26. If swallowed do not induce vomiting, give glass of water and seek medical advice. If skin contact does occur remove contaminated clothing and wash thoroughly with water. If eye contact occurs irrigate with water for at least 15 minutes and seek medical attention if irritation persists.

PACKAGING

SANITIZER is available in 5, 15, 25 and 200 litre containers.
