

TITAN

OVEN, GRILL & HOT PLATE CLEANER

- **TITAN** is a heavy duty cleaner formulated for cleaning of ovens, grills, hot plates and other cooking appliances.
- It is a highly concentrated blend of Potassium Hydroxide, Sodium Hydroxide, Wetting Agents, Emulsifiers and Chelants for removal of grease and baked on carbon deposits.

APPLICATION

Apply **TITAN** to warm but **NOT HOT** surface. Spread **TITAN** evenly over the surface, allow contact time of a few minutes and remove with a scraper, cloth or scourers. For heavy deposits re-treatment may be required or scouring with a griddle pad. Wash with water after cleaning.

Vertical surface cleaning. **TITAN** may be applied by a foam nozzle gun, swab or paint brush. Allow to stand before wiping or rinsing residues away.

WARNING

Avoid skin and eye contact. Wear rubber gloves when using this product.

FIRST AID

If poisoning occurs contact a doctor or poisons information centre. PH 13 11 26. If swallowed do not induce vomiting, give milk or water and seek medical advice. If skin contact does occur remove contaminated clothing and wash thoroughly with water. If eye contact occurs irrigate with water for at least 15 minutes and seek medical attention immediately.

PACKAGING

TITAN is available in 5, 15 and 25 litre containers. Spray dispensers are also available.
