

FRAG4311

THE TECHNICAL  
REPORT FOR THE  
RECIPE IS COMING  
SOON.

RECIPE - 30CL  
**THE EMPEROR IN RCX**

# CANDLE SHACK

## DESCRIPTION

### THE EMPEROR

TOP NOTES - EUCALYPTUS,  
CYPRIOT, SAFFRON

HEART NOTES - PATCHOULI,  
CEDARWOOD, VIOLET

BASE NOTES - SANDALWOOD,  
CASHMERAN, VANILLA, MUSK

## INGREDIENTS FOR EACH CANDLE

<a href="#">1x 30cl glass jar</a>
<a href="#">17.6g of Emperor Fragrance Oil</a>
<a href="#">202.4g of Candle Shack Ecosystem RCX</a>
<a href="#">1x CL14 Wick</a>
<a href="#">1x 15mm Adhesive Wick Pad</a>
<a href="#">1x WickClaw Tool for 30cl Glass</a>

## WAX

Candle Shack's EcoSystem Rapeseed & Coconut (RCX) is a natural wax blend. It was developed in Europe exclusively for Candle Shack and is made from rapeseed and coconut oil... and nothing else! It is free from paraffin, soy, palm, beeswax and synthetic additives.

## VESSEL

Our Lotti 30cl glass is manufactured in Italy and meets the highest standards of clarity and tolerance.  
Height: 90mm  
Diameter: 78mm  
Internal height: 75mm

## WICK

Crafted from unbleached cotton and interwoven with a linen thread, CL candles wicks are innovative flat wicks designed to minimise afterglow and smoking while maintaining rigidity. All wicks are 110mm long with a thin paraffin coating for stability.

## USAGE RECOMMENDATIONS

- We recommend heating RCX to 60°C to melt.
- Add the fragrance at 60°C and stir for 60 seconds.
- The mixture is ready to pour at 38°C into glasses at room-temperature.
- If the top is uneven once set, you can flash the surface with a heat gun or do a top-up pour to get a clean finish.
- Leave the candle to cure for at least 2 days for the best results.

## DISCLAIMER

Each report shows test results for a set of candles made by Candle Shack's R&D team for that particular recipe. The test reports are not a guarantee that all candles made to the recipe will burn in exactly the same way. Variables such as ambient temperature, air flow, or the manufacturing process can affect the burning profile of a candle, so it is recommended that candle makers conduct their own testing to ensure that they are satisfied with the performance of their product.
