

# EVERYTHING DESERVES A SECOND CHANCE

**We offer Reused Remade's original models or co-create customized designs with our clients. The sky is the limit!**

Our philosophy is simple — reusing and redesigning minimizes the use of new raw materials.

We turn left over and discarded hotel textiles into something useful - like making bags, headbands, makeup pads out of discarded hotel textiles.

Someone else's trash is our treasure!

## Environmental and climate benefits of reuse

- Extends the lifecycle of existing textiles and give them a brand new life.
- Replacing single-use items with durable and reusable products.
- Contributes to significantly lower greenhouse-gas emissions as well as minimizing the need of water and land.
- Reuseing of materials saves up to 64% of the environmental and climate impact.
- Washable in 40 C.
- Printed with GOTS certified ECO-pigments.
- Positively contributes to Agenda 2030.
- Manufactured in a Sedex-certified factory with good and fair working conditions.

Saves 90% CO<sub>2</sub> compared to a virgin eco cotton bag.

Saves 1,900 liters of water compared to a virgin eco cotton bag.

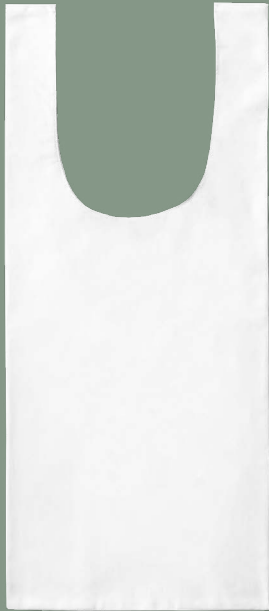

Saves 75% CO<sub>2</sub> compared to a virgin PET bag.
