

Smartphone connectivity

Streaming Music

Listen to popular music applications and music stored on your device with basic audio controls.

Music Mix - High Quality Music streaming x 5 devices

Up to 5 Bluetooth® devices can be paired to the head unit at the same time. You can enjoy audio streaming just by switching the devices among your friends.

Dual Phone Connection

While you are connected through Bluetooth, with a touch of a button you can switch between two phones.

KENWOOD Remote App Compatible

Download the free app "KENWOOD Remote". You can change audio sources or adjust audio settings like "Time Alignment" or "13-Band EQ" from your smartphone.

Playable USB Files

Compatible with a broad range of audio file formats from FLAC and WAV, to MP3, WMA and AAC.

Music Codec	Playable up to
FLAC	~96kHz / ~24bit
WAV	~44.1kHz / ~16bit
MP3	~48kHz / ~320kbps
WMA	~48kHz / ~192kbps
AAC	~48kHz / ~320kbps

13-Band EQ / Digital Time Alignment

13-Band equalizer and DTA gives optimal tuning enhancements for the listener.

Time Alignment 	13 - Band EQ 	3-way X'over Mode
2.5 v 2 Preouts		

Digital Time Alignment

Sound coming from a variety of speakers located within your car are time aligned to arrive at your ear at exactly the same time.

Drive Equalizer

Drive EQ boosts specific frequencies in the audio signal to compensate the negative impact of road noise.

Front USB and AUX Input Compatible with a Variety of USB-Enabled Devices

Easy front panel connection for your compatible USB-enabled devices. These include Mass Storage Class devices like iPods, smartphones, and USB flash drives. The USB input will allow you to charge and control the music playback of your select devices.

Multicolor Illumination

Bright variable color LEDs can be adjusted to match any color dash lighting.

Adjustable 3-Zone Variable Color Illumination

You can adjust the front panel illumination into 3 separate color zones.

200mm Escutcheon Included

A 200mm escutcheon is included to help make the fit seamless in many of the latest model Japanese and other select cars.

Short Chassis Design

With audio receivers shorter in depth, installation is made easier in a wider range of cars.

Designed for Ease to Use

Direct Bluetooth keys allow you to access quickly to answering to and making a call, and entering Bluetooth Audio source.

The Vertical Alignment LCD display secures higher visibility during day-time drive.

Direct OEM Steering Remote Control

The receivers can be installed in most Japanese and Korean vehicles easily.
