

P60 LIMITED EDITION

Product sheet

MADE IN
FRANCE

The P60 Limited Edition kit delivers a pure Hi-Fi sound through its woofers and midranges. Both are equipped with the 'W' composite sandwich cone, with renowned performance. The tweeters boast a Beryllium inverted dome for crystal clear treble and a captivating level of detail.

Limited to 911 pieces, this exclusive high-end kit - compatible with Porsche® models 911 (992) - has been designed by the Focal engineers to adapt perfectly to the original speaker driver locations in the Speaker drivers and to be installed discreetly. It improves your driving experience, offering you a signature Focal sound and a high-fidelity experience.
